

4.4.2 – Procedures and policies for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc. (maximum 500 words) (information to be available in institutional Website, provide link)

From time to time funds are utilized for new construction, renovation and upkeep of all the infrastructure of the college. This is done by holding of regular meeting of various committees to ensure optimal allocation and utilization of the available financial resources. To ensure the safety of the students, closed circuit television [CCTV] cameras are fixed at vantage points and the monitoring is done. The laboratories are purchased by individual departments with the help of purchase committees after getting comparative statements of quotation from competitive suppliers. All the payments to vendors are made through electronic clearance system [ECS] of banks. The items purchased are entered item wise in the respective stock registers of the departments and these are routinely checked by authorities. The library of the college has text books and journals and also suitable furniture for students to do their reference and reading works. The library is fully digitized using the software E-Granthalya. The department of library maintain register of each visitors staff or student. The annual purchase books and journals are done with input given by the various departments and a departmental library is maintained, where a staff in charge helps with safe keeping and issue of the book to students. Students are encouraged to participate in various Intercollegiate, District, University, State, and National level sports events they are provided financial support for the same.
