**Workshop on "Research Tools"**

On 1<sup>st</sup> February 2024, the Department of Mathematics and Statistics conducted a workshop titled "Research Tools" The aim was to equip faculty members from various disciplines with essential research methodologies and statistical techniques.

The workshop covered research methodologies, data collection techniques, statistical analysis tools, data visualization methods, and ethical considerations.

The workshop fostered active participation through interactive discussions and practical exercises, facilitating peer learning and knowledge exchange.

Feedback from participants was overwhelmingly positive, highlighting the relevance and clarity of the content. Many expressed interests in future workshops.

The workshop successfully enhanced research capabilities and promoted interdisciplinary collaboration among faculty members.
