————— Vision Statement: —————

To provide value-based higher education to our youth with the help of dedicated, qualified and experienced staff with the entire necessary state-of-art infrastructure.

————— Our Mission: —————

We are committed to provide Quality Education with a mission to strengthen the minds and expand intellect of our students and to empower them with additional skills so that they could accept and face the challenges of 21st century and also accept the social responsibilities.

“Education is only means to an end and not the end itself. The real education process must ultimately result in creating winners, achievers and socially responsible citizens ever ready for continual personal and social growth.”

————— Our Objectives: —————

Higher Education does not mean only the teaching-learning and evaluation process but it also helps in personality development of students. We know that the social transformation is possible through the dynamic education, hence we believe in importance of value based learning, which is of great relevance in a dynamic and ever changing competitive work environment. We provide easy access to faculty guidance, full staff support and caring and nurturing environment to our students. The students are motivated and encouraged to participate in various extra-curricular activities leading to their overall personality development.

————— About Us: —————

Kalyan Wholesale Merchants' Association is playing a very significant role in the social, cultural and educational life of Kalyan city. The Association has created a sound goodwill in the vicinity of the Kalyan by actively participating in various welfare and socio-economic activities. The Association has generously donated lacs of rupees for Bhiwandi Riot Relief Fund, Roha-Nagothana Flood Relief Fund, Kargil Fund, Latur –Earthquake Relief Fund, Kutch-Gujarat Earthquake Relief Fund. Malin relief fund, CM relief fund etc. The Association also organizes free check-up medical camps, religious programmes and social activities.

The Kalyan city has changed quite a lot in the last decade and observing progress in different fields. The ever increase in student population and insufficient centers for Higher Education are the main causes of motivating our Kalyan Wholesale Merchants' Education Society to start the a new Degree College in this area.

The Society made efforts to start Arts and Commerce Degree College in the academic year 2002-2003. The Government of Maharashtra granted the permission to the Society to start Laxman Devram Sonawane Degree College of Arts and Commerce on **Non-Grant Basis**" vide letter no. NCG 2002 NMV 01,2002 from the Higher and Technical Education Division, Mantralaya, Mumbai-400032 dated 15th July 2003. The University of Mumbai issued a formal permission letter to enroll the students on 22nd August, 2002, vide letter no. Aff/Recog/4031 dated 22/8/2002.

In the subsequent year, we started the Junior College of Arts, Commerce and Science. In the same year the Society was given permission to introduce three years Degree Course of Bachelor of Management Studies (BMS). During the academic year 2008-2009, we started B. Sc. in Computer Science and Information Technology. In the academic year 2011-2012, we have introduced Post -Graduate Courses; M. Com in Advanced Accountancy and M. Sc. in Information Technology. We also offer plain science subjects as Chemistry, Physics, Mathematics, Botany, Zoology and Microbiology in our degree college. We started MA in Economics & History in 2013 -14. In 2019-20 we started BAF and BBI considering the increasing demand for such courses.

We are proud to inform you that in the last 19 years our College has established and developed as per the norms given by the UGC and University of Mumbai. In January, 2006 our College has been shifted to our own, new premises located in the prime location of Kalyan City. The new spacious building has been constructed on a land of 2.26 acres with a play-ground. The College Building provides all the necessary facilities as per UGC norms with spacious, well-equipped laboratories and air-conditioned laboratories for Computer Science and Information Technology.

Our spacious Library on the third floor occupies 1050 sq. ft. area with separate reading rooms for staff, boys and girls measuring 600 sq. ft area. The total book collection is 17182 with reference books, periodicals and journals. The journals include Case Folio, Global CEO, Journal of Managerial Economics, H-R Review, Journal of Applied Economics and Marketing Mastermind etc.

The Audio-Visual Room with TV, DVD Player, OHP and LCD projectors are available. 14 Newspapers are being subscribed Infibinet N- list programme is also available to staff and students where more than 3800 e journals and 80000 e - books are available. Book Bank scheme is provided for Backward Class students.

Study tours and industrial visits are arranged for the students every year to give them practical exposure.

In 2015 in our pursuit for quality higher education we went for accreditation by NAAC and were awarded with 'B' Grade.

In 2016 on college was permanently affiliated the to the University of Mumbai and in 2017 we got ISO certification. In 2017 our college became eligible for getting grant under 2(f)/ 12 (B).

Our college has also got the Green and Energy Audit Certification and Environmental Audit.

Our college has been reaccredited by NAAC in the second cycle and have been again awarded with 'B' Grade in March 2024.

Self-Financing Courses

1. Bachelor of Management Studies (BMS)

College offers BMS Course of University of Mumbai, the value based three year integrated course with job potential. University has designed BMS course to provide comprehensive and practical management training to students by way of industry interface, projects, presentations, study visits, guest lectures by professionals, personality development and placement. It is perfectly structured course for budding managers and tomorrow's CEO.

It is a known fact that managers are multi-skilled persons with perfection and here we groom them so as to accept and face the global challenges.

A Step Ahead of Traditional Courses:

Unlike other courses like B. A., B. Com., and B. Sc. degree, BMS is not a degree course that involves regular lectures that are delivered in the traditional way through prescribed text-books and timed lectures. The Course is a step ahead and students are more exposed to practical training and modern technologies to prepare them in all spheres of management.

Industrial visits are being organized every year to help the students to go beyond the walls of a classroom and to study the various aspects of organizational behavior.

6. The Result of Semester-VI will be declared provided the student has passed each course of Semester-I, II, III, IV, and V.

Conversion of Marks to Grades and Calculation of GPA

G: Grade

GP: Grade Point

C: Credits

CP: Credit Points

CG: Credits X Grades (Product of Credit & Grades)

CG: Sum of Product of Credits & Grades

C: Sum of Credits Points

$GPA = CG / C$

SGPA (GPA): Semester Grade Point Average shall be calculated for individual semesters.

CGPA: Cumulative Grade Point Average shall be calculated for the entire course by taking all semesters taken together.

at first and second year According to this pattern; students of first and second year have to appear for both the semester (term) examinations during the academic year.

Examination Scheme:

(Circular No. UG/344 of 2002)

On the behalf of University of Mumbai, the College is conducting the first term and second term examinations and the entire conduct of examination is as per the guidelines received from the University time to time.

All the students admitted in the academic year have to fill up the Examination Forms in the month of August as per the schedule given by the College Examination Committee. Students those who have not filled up the Examination Forms and having less than 75% of attendance will not be allowed to appear for both the term examinations.

The first term and second term examinations are conducted at the end of respective term. These examinations carry equal marks and duration and based on syllabi/portion prescribed for the respective term.

The practical examination in any science subject will be conducted only once and before the end of second term.

Unfair Means in the Examination:

The use of Unfair Means like copying, carrying/possession of copy material in the examination hall, talking with students and directly or indirectly helping to copy in the examination hall is a malpractice.

The use of unfair means is punishable under the Maharashtra Act No. XXXI of 1982.

University has specified the rules/regulations and punishment for such students. The punishment will be either paper/subject wise or result of entire examination may be squashed or student may be debarred from the examination/college.

Student can apply for Photocopy of answer book or verification within one week of declaration of result.

2. B. Sc. in Computer Science:

21st century is the era of modern technologies and computer science is playing a significant role for us. Computer Science or Computing Science (abbreviated as CS) is the theoretical and practical study of computer systems with the scientific and mathematical approach in information technology and computing. A computer scientist is a person who does work at a professional level in computer science.

Its subfields can be divided into practical techniques for its implementation and application in computer systems and purely theoretical areas. Some, such as computational complexity theory, which studies fundamental properties of computational problems, are highly abstract, while others, such as computer graphics, emphasize real-world applications. Still others focus on the challenges in implementing computations. For example, programming language theory studies approaches to description of computations, while the study of computer programming itself investigates various aspects of the use of programming languages and complex systems, and human-computer interaction focuses on the challenges in making computers and computations useful, usable, and universally accessible to humans.

As India is a growing country and a large number of software companies are coming up, persons having software skills have brighter job opportunities.

**Examination Scheme:****3. B. Sc. in Information Technology**

Information Technology is an interdisciplinary science primarily concerned with analysis, collection, classification, manipulation, storage, retrieval and dissemination of information. Information Technology is the area of managing technology and spans wide variety of areas that include [computer software](#), [information systems](#), [computer hardware](#), [programming languages](#) but are not limited to things such as processes, and data constructs. In short, anything that renders data, information or perceived knowledge in any visual format whatsoever, via any multimedia distribution mechanism, is considered part of the IT domain. IT provides businesses with four sets of core services to help execute the business strategy: business process automation, providing information, connecting with customers, and productivity tools.

IT professionals perform a variety of functions (IT Disciplines/Competencies) that ranges from installing [applications](#) to designing complex [computer networks](#) and information [databases](#). The duties that IT professionals perform may include [data management](#), networking, engineering [computer hardware](#), database and software design, as well as management and administration of entire systems. Information technology is spreading further than the conventional [personal computer](#) and network technologies, and more into integrations with other technologies such as the use of cell phones, televisions, automobiles, and more, which is increasing the demand for such jobs.
