PREFACE

Kalyan is a fast progressing suburb of Mumbai city, which has a great history and the famous Durgadi Fort next to our college is a famous landmark of this city. It has a population of about 12 lakhs and it includes 70 villages. It comes under Kalyan-Dombivli Municipal Corporation. The University of Mumbai is starting its sub-centre at Kalyan.

Considering the growing need for educational institutions, eminent businessmen came together and established the Kalyan Wholesale Merchants' Education Society and in the year 2002 the Laxman Devram Sonawane College of Arts & Commerce was established. Though it had a very humble beginning, today it stands proud as one of the leading educational institutions in Kalyan. Though an unaided institution, availability of finance was never a barrier for the development of our college. Opting to go for NAAC was one of the ways to improve our institute's quality. Preparing for NAAC has been an excellent learning experience for all the college staff.

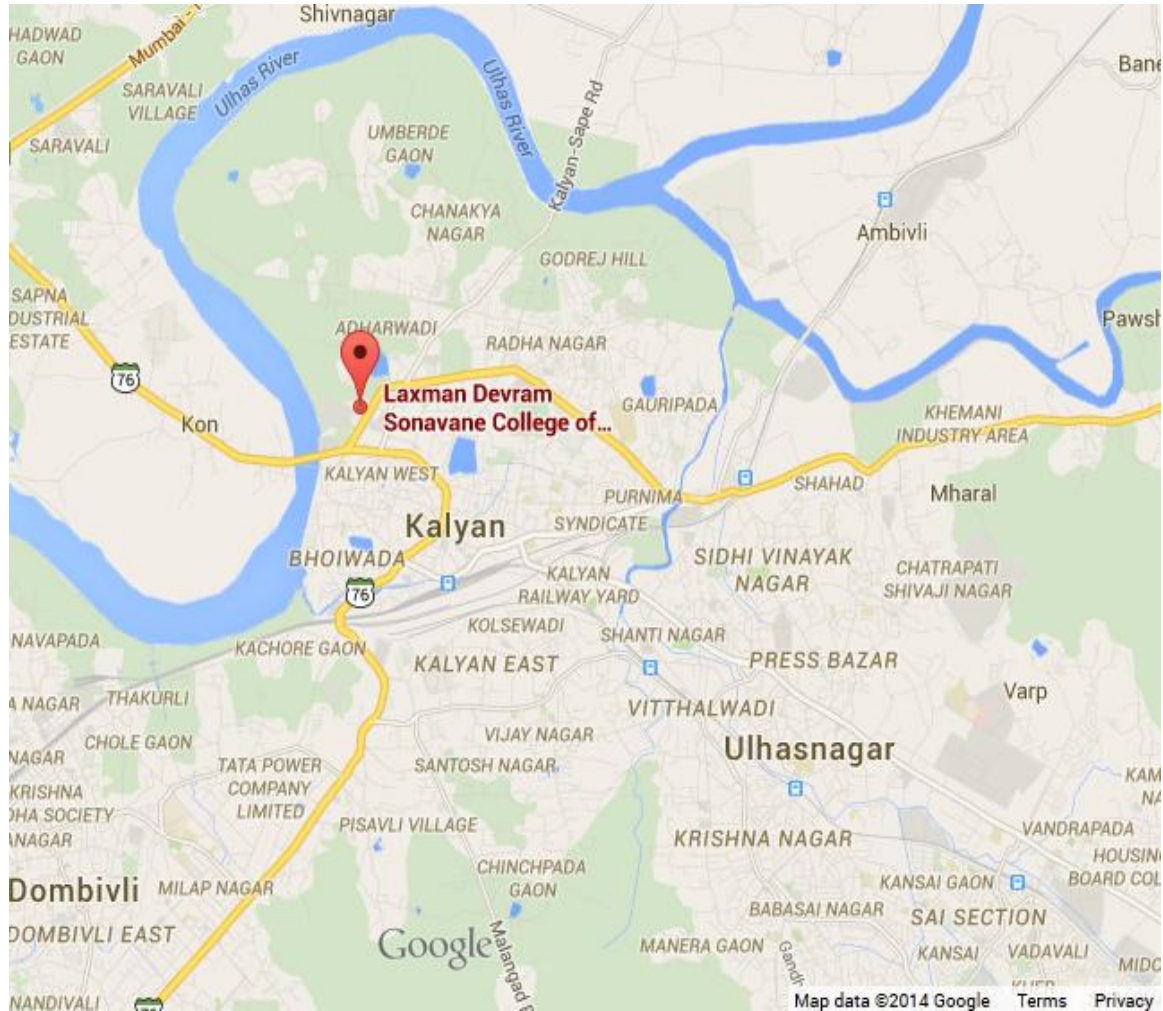

The Management, the NAAC Steering committee, IQAC and the entire staff were actively involved in the process of preparation of the SSR. The Co-ordinator Mr. Jeevan Vichare, one of the founding teaching members of this college worked untiredly and the Criterion Heads also put in their efforts whole-heartedly. A special thanks to Mr. Damodhar Morey, Ms. Anupriya Khobragade, Ms. Yogita Sanas, Ms. Padmaja Vernekar, Ms. Kesar Lalchandani, Dr. Surbhi Mishra and Ms. Geeta Gangwani, without whom completing this SSR would have been next to impossible. Special mention needs to be made of the administrative staff that co-operated with providing data and helped in the typing work. Mr. Rameshwar Rasal and Ms. Bindiya Salunkhe need special mention for their co-operation. The entire teaching staff needs to be thanked specially for supporting the Criterion Heads.

We look forward to the visit by the NAAC Peer Team and are sure that the meeting will be an enriching experience for all of us and will go a long way in improving this college and help it to become a premier educational institution in Kalyan.

PRINCIPAL'S MESSAGE

It gives us a great sense of fulfillment in submitting this Self Study Report (SSR) to the National Assessment and Accreditation Council (NAAC). The report gives a bird's eye view to the fulfillment of the vision of this college which is to provide value based quality education to our youth with the help of dedicated staff and state of art infrastructure.

We have made a sincere effort to place on record the steady progress that this college has made in a short span of 12 years. Since the submission of LOI in March 2014 to the final SSR submission in December 2014 it was nothing less than the pangs of labour. These months were tough but enriching and enlightening. The fruit of labour is for all to see. The growth of this institution with 84 students in a rented building with CHB faculties in 2002 is remarkable with about 5000 students (Degree & Junior) in a spacious 2.5 acres plot with state of the art classrooms and 130 dedicated staff in 2014. The SSR gives information for the academic years 2010-11, 2011-12, 2012-13 and 2013-14. It also gives report of the current academic year 2014-15. The entire process of preparing this report has brought the Sonawane faculty closer and has instilled the spirit of unity, dedication , team spirit and excellence in everyone.

We sincerely hope that this effort will meet the expectations of NAAC, as we too have similar values as the core values of NAAC. I extend a warm welcome to the peer team on behalf of the college and look forward to a very fruitful assessment by the esteemed peer team.

Ms. Annie Antony
I/c. Principal

EXECUTIVE SUMMARY

Laxman Devram Sonawane College of Arts & Commerce conducted by the Kalyan Wholesale Merchants' Education Society is affiliated to the University of Mumbai and was established in the year 2002 with 84 students in F.Y.B.Com and BA. Within a short span of 12 years, traditional courses like B.Sc, M.A, M.Com and new courses like B.Sc IT, B.Sc CS and BMS were introduced. Currently about 5000 students are on roll including Junior college.

The College was started on permanently non grant basis and has linguistic Minority Status. The college was started in a rented building but today it has its own building and huge play ground on 2.26 acres plot. The Kalyan Wholesale Merchants' Education Society consists of eminent businessmen of Kalyan who have started this College with the sole aim of providing quality value based education to all who thirst for knowledge. Our college is situated in Kalyan, a distance suburb of Mumbai. Most of our students come from nearby villages like Ghotsai, Padgha, Ambivali, Shahapur, Wada, Titwala, Dahagao, Netivali etc. Many of the students are first time learners in their families and are economically backward. It is a real challenge to accept such students who usually have very low percentage and then make them first class Graduates and Post Graduates. Placement programmes are held every year where many students get selected. All round development of the students is one of our main objectives and hence our NSS Dept, Sports Dept and Cultural Dept are very active. Various cultural events, debate, quiz, Science exhibitions, Sports events, extension activities etc are organized every year. Various festivals and birth anniversaries of great leaders and important days are celebrated in the college to inculcate good values in the future citizens of this world.

The college brings out its annual magazine every year and during admission every student is given a college prospectus. Complete transparency is maintained in the admission procedure and all rules regarding reservation are observed very strictly. The students admitted to professional courses wear uniform which consists of shirt, trouser, blazer and tie. It gives a professional environment and these courses are the first to be filled every year. Due to the increasing demand for professional courses, we have 2 divisions each for all professional courses.

All the students actively take part in the various Projects, Seminars, Workshops, Study tours, Industrials visits etc. organized by the various college departments during the year. In spite of being unaided, usually the college does not face major financial constraint; economically backward students are given concession in fees both by the government and the management. The college staff is encouraged to participate in orientation programs, refresher courses, seminars, workshops etc., They are encouraged to go for research by enrolling for M.Phil., Ph.D., and also publishing research papers. Being unaided Major Research Projects cannot be applied for; but staff members go for Minor Research Projects of the University of Mumbai.

Compared to the neighboring established colleges, where admissions are given to students with high percentages; our college gives admission to all and percentage is not a criteria for admission. In spite of the input being of very low percentage, the result at graduation level is excellent. The credit goes to the young, vibrant and dedicated faculty.

The students are given an opportunity to develop their personality in an all round manner as in addition to academics, the students participate in various programs like seminars, cultural activities, sports, NSS, NCC etc., The extension activities make the students interact with the

have-nots and inculcates good moral values in them. Various students have participated in the National Republic Day Parade at New Delhi. They are role models to our other cadets. Various sporting events are conducted and our students have won various University, State, National, and International level competitions. 'Asmita Foundation' is run by the college Alumni Association. It carries out various activities mainly extension programmes. The Annual function and KARMA, an inter-collegiate fest provides a platform to the students to display their talents.

SWOC ANALYSIS OF THE COLLEGE

Strengths:

- Prime Location easily accessible by road and rail.
- Conducted by Kalyan Wholesale Merchants' Education Society consisting of eminent businessmen from Kalyan.
- Spacious campus of 2.26 acres and built up area of 2023.78 sqmtrs. with state of the art infrastructure.
- Huge playground.
- Continuous power supply, with provision of inverter and generator.
- Three computer labs with 97 computers.
- Four fully equipped Science laboratories.
- Excellent Library and Reading rooms.
- Qualified, young, dedicated and Professional staff.
- Input level and output level shows tremendous improvement in students.
- Every faculty involved in Research work.
- Air-conditioned staff room.
- CC Cameras in prime places.
- "No donation" policy.
- Extension activities carried out on large scale.
- One Window Scheme in Administrative office.
- Student – parent connectivity by mobile packages and Parents Teachers Association.

Weakness:

- Being permanently unaided, financial constraint is a problem at times.
- No NCC in college and interested students have to go to near-by colleges to attend NCC parade. We have applied but Department has stopped giving new permissions.
- The Dumping ground next to the college sometimes emits foul order.
- Many students are not computer literates.

Opportunities:

- Introducing new courses which are job-oriented.
- Maximum utilization of latest ICTs in teaching – learning process.
- Regular updating and upgrading the college website.
- To have linkages with more industries for placement purpose.

Challenges:

- To compete with near-by aided colleges and attract students to our unaided college.
- To overcome financial constraints.
- To solve the problem caused by neighboring dumping ground.
- To inculcate moral values among students.
- To construct new wing of college building.

2.4.2 How does the institution cope with the growing demand / scarcity of qualified senior faculty to teach new programmes/ modern areas (emerging areas) of study being introduced (Biotechnology, IT, Bioinformatics etc.)? Provide details on the efforts made by the institution in this direction & the outcome during the last three years.

The college appoints qualified, technical and experienced teachers for new programmes like IT, CS, and BMS. Senior faculties from various institutions and experts from related fields are invited as guest lecturers to provide proper guidance to students. Industrial Visits & Study tours are organized for students to give them better understanding & practical knowledge about industry & market. The college conducts 4 to 5 study tours & industrial visits in an academic year.

2.4.3 Provide details on staff development programmes during the last four years elaborate on the strategies adopted by the institution in enhancing the teacher quality

Teachers are encouraged to attend Staff Development Programmes such as Refresher courses, Orientation programmes, Staff training Programmes, Seminars/ conferences etc . This is evident from following table following table.

a) Nomination to staff development programmes.

Academic Staff Development Programmes	Number of faculty nominated
Refresher courses	2
HRD programmes	Nil
Orientation programmes	4
Staff training conducted by the university	Nil
Staff training conducted by other institutions	Nil
Summer / winter schools, workshops, etc.	Nil

b) Faculty Training programmes organized by the institution to empower and enable the use of various tools & technology for improved teaching – learning

In order to improve quality of teaching, teachers make use of modern methods and technology while teaching students. To upgrade themselves with new technology, teachers attend related programmes organized by other Institutions and Universities. Teachers use Power Point presentations, LCDs, etc. for teaching learning which is helpful in handling new curriculum.

c) Percentage of faculty

- Invited as resource persons in workshops/ seminars/ conferences organized by external professional agencies.----- Nil
- Participated in external workshops/ seminars/conferences recognized by national / international bodies.----- (75%)
- Presented papers in workshops / seminars/ conferences conducted or recognized by professional agencies. ----- (75%)

2.4.4 What policies / systems are in place to recharge teachers? (e.g: providing research grants, study leave, support for research and academic publications teaching experience in other national institutions and specialized programmes industrial engagement etc.)

Faculties are encouraged to carry out research by providing duty leave/ Study leave and relaxation in workload. Financial support is also provided for taking part in such programmes. Teachers involved in research activities and related publications get all type of support and cooperation from college. Management provides financial and infrastructural support to organize National and International seminars in the college and in publications of proceedings in the form of Books with ISBN number.

2.4.5 Give the number of faculty who received awards/ recognition at the state, national and international level for excellence in teaching during the last four years. Enunciate how the institutional culture and environment contributed to such performance / achievement of the faculty.

Name of Teacher	Year	Award Instituting body
Ms Anupriya Khobragade	2012-13	Virangana Savitribai Phule National Fellowship Award, New Delhi

2.4.6 Has the institution introduced evaluation of teachers by the students and external peers? If yes, how is the evaluation used for improving the quality of the teaching-learning process?

Teachers are evaluated on the basis of feedback of students and parents. On the basis of above feedback, corrective measures are taken by the college.

2.5 Evaluation Process and reforms

2.5.1. How does the institution ensure that the stakeholders of the institution especially students and faculty are aware of the evaluation processes?

University of Mumbai is the Prime authority to decide on the evaluation process. Since 2011-2012 the Credit Based Grading System has been introduced by the University. At the institutional level, meetings of Principal with the faculty members are organized to understand the evaluation process. The Examination Committee organises an orientation programme at the beginning of every year to make the teachers aware of the evaluation process and it also disseminates information to those who seek for it. Through prospectus all this information is made available to the Students and Parents. Moreover, at the beginning of every academic year, a Parents' Meet is held to orient the parents with the new evaluation system. Class teachers also explain the same to the students at the beginning of every academic year. Information about the evaluation process is also made available on the college website.

2.5.2. What are the major evaluation reforms of the University that the institution has adopted and what are the reforms initiated by the institution on its own?

Institution being affiliated under the University of Mumbai is obliged to adhere to the evaluation reforms implemented by the University. The institution follows Credit Based Grading System of evaluation which was adopted by the University of Mumbai since the academic year 2011-12. College has also initiated Test Series for final year classes to identify the need of intensive and remedial coaching for progression of students.

2.5.3. How does the institution ensure effective implementation of the evaluation reforms of the University and those initiated by the institution on its own?

Examination committee is formed at the beginning of every academic year to ensure smooth conducting of the examination process. Meeting of faculty member and HOD with Principal, Vice-Principal, and Examination Committee helps in understanding of the evaluation process and thereby its implementation. At the beginning of every academic year, the academic calendar is prepared to follow the rule of 180 teaching days and also schedule of examination. This ensures effective implementation of the evaluation reforms. Head of each department is entrusted with the responsibility to monitor and report the same. Apart from this, counselling to final year students is also provided as and when necessary to ensure effective implementation of the remedial and intensive coaching.

2.5.4. Provide details on the formative and summative evaluation approaches adopted to measure student achievement. Cite a few examples which have positively impacted the system.

To measure student achievements, the University of Mumbai has introduced the Credit Based Grading System which includes 25 marks for formative evaluation and 75 marks for summative evaluation. The formative method includes marks for attendance, tutorials/practicals/case study/ projects, behaviour, active participation in classroom and an internal class test. This has resulted in better interaction in the classroom, active participation of students during the lectures and better attendance of the students. The summative evaluation helps in improving writing skills, elaborating capacity and explanatory potential of the students.

2.5.5. Detail on the significant improvements made in ensuring rigor and transparency in the internal assessment during the last four years and weightages assigned for the overall development of students.

The entire assessment scheme is prepared by the University. Since 2011-12 the system has undergone a change i.e. Credit and Grading System in which weightage is given in the form of marks to students for behavioural aspects, communication skill etc. Prior to that, no such provision was available in the scheme of assessment. The internal assessment is monitored by the HOD's and Principal to ensure transparency in the evaluation process.

2.5.6. What are the graduates attributes specified by the college/affiliating University? How does the college ensure the attainment of these by the students?

The institution has specified a few graduate attributes like development of professional, managerial and business skills, to employ scientific and technological knowledge for the betterment of the society and promote the all round development of the students. The college organizes lectures of eminent personalities, conducts programs on Career guidance. Makes library, computer laboratory and internet facility easily accessible to the students, organizes various programmes for the personality development of the students. Students are given the responsibility to organise various programmes and activities. All this helps in ensuring the attainment of the graduate attributes specified by the college.

2.5.7. What are the mechanisms for redressal of grievances with reference to evaluation both at the college and University level?

As per the norms given by the University of Mumbai, for redressal of grievance with reference to evaluation, a Grievance Redressal Cell has been set up in the institution. Students can avail the facility of verification of marks, photocopy of answer book and revaluation of answer-book. This mechanism is available for both college as well as university examinations.

2.6. Student performance and Learning Outcomes

2.6.1. Does the college have clearly stated learning outcomes? If 'yes', give details on how the students and staff are made aware of these?

Yes college has clearly stated the learning outcomes in the objectives of the Institution. To create awareness about these objectives, the learning and motivational statements are displayed at prominent places in the college premises and thereby the students and the staff are made aware of the same.

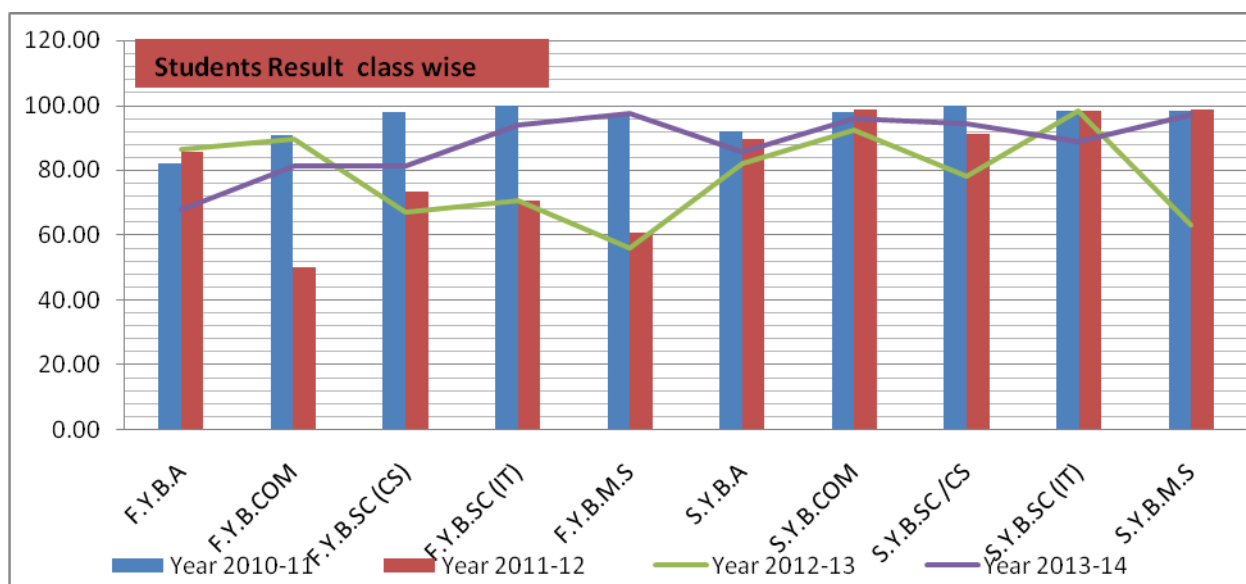

2.6.2. Enumerate on how the institution monitors and communicates the progress and performance of students through the duration of the course/programme? Provide an analysis of the students results/achievements and explain the differences if any and patterns of achievement across the programme/courses offered.

Institution prepares academic calendar, teaching plans, schedule of activities, plan of examination and schedule of conduction of internal evaluation. Along with this Parents' meeting are organised regularly. The college issues mark sheets to student at the end of every semester to communicate their progress.

The details of the result of last four years are:-

Class	Year			
Class	2010-11	2011-12	2012-13	2013-14

F.Y.B.A	81.94%	85.57%	86.33%	67.75%
F.Y.B.COM	90.64%	50.11%	89.73%	81.39%
F.Y.B.SC (CS)	98.00%	73.33%	67.00%	81.17%
F.Y.B.SC (IT)	100.00%	70.59%	70.59%	93.87%
F.Y.B.M.S	96.65%	60.61%	56.00%	97.43%
S.Y.B.A	91.86%	89.64%	82.23%	85.71%
S.Y.B.COM	97.95%	98.77%	92.30%	95.89%
S.Y.B.SC /CS	100.00%	91.67%	78.28%	94.25%
S.Y.B.SC (IT)	98.28%	98.33%	98.33%	88.88s
S.Y.B.M.S	98.30%	98.77%	63.00%	97.05%

*These results show decline which is after the introduction of CBGS. After the introduction of CBGS even ATKT students are considered as failures. Hence, this decline is seen.

2.6.3. How are the teaching, learning and assessment strategies of the institution structured to facilitate the achievement of the intended learning outcomes?

The intended learning outcomes are achieved by various facilities which are provided to the learners of the institution. Excellent library facilities, internet facility, financial help to the needy students etc are provided. The teaching learning process is also student centered which helps in meeting the goals of the teaching learning process. Teachers make use of intensive learning methods, ICT and mentoring of students for achievements of the intended learning outcomes. The college adopts Centralized Assessment of Papers (CAP) to achieve the intended learning outcomes.

2.6.4. What are the measure/initiatives taken up by the institution to enhance the social and economic relevance (student placements, entrepreneurship, innovation and research aptitude developed among students etc.,) of the courses offered?

The institution takes up various initiatives to enhance the social and economic relevance of the Courses offered like:

1) Vocational /Jobs oriented guidance:

The Career Guidance and Counselling Cell invites professionals from a variety of sectors like- Marketing, Finance, etc.

2) Entrepreneurship:

Talks, expert lectures and interactive sessions are organised to promote and motivate entrepreneurship.

3) Innovation:

Industrial visits are conducted to acquaint them with the local markets and organizational structure. Students are given proper guidance and experience of these sectors that they are to enter after completion of their programmes. Study tours, poster exhibitions, technological competition, performance competition using audio-visual aids, quizzes competition are also organised to enhance social and economic relevance of the courses offered.

4) Research Aptitude:

Students are motivated to invent new software programme, technology. Intra-collegiate and Inter-collegiate paper presentation competitions are organized to encourage the students. Students are encouraged to take up primary data based projects for their projects.

2.6.5. How does the institution collect and analyse data on student learning outcomes and use it for planning and overcoming barriers of learning?

The data on student learning outcomes is obtained through the Semester End Examination. Taking into consideration the need of the students, remedial learning classes are organised. Expert lectures are also organised especially for the students of T.Y.B.A., T.Y.B.Com. T.Y.I.T - C.S and T.Y.B.M.S. Test Series are also conducted for all T.Y. students

2.6.6. How does the institution monitor and ensure the achievement of learning outcomes?

Institution monitors the achievement of learning outcomes of the students through conduction of internal evaluation like class tests, assignments and presentations, group projects, viva, various test series etc. Through this internal evaluation the performance of the student is assessed. To ensure the achievement of learning outcomes, the results are analysed at the end of each semester and efforts are directed to improve the same. Parents are also communicated about the performance of their wards which ensure progress of students.

2.6.7. Does the institution and individual teachers use assessment /evaluation as an indicator for evaluating student performance, achievement of learning objectives and planning? If ‘yes’, provide details on the process and cite a few examples.

Marks obtained by individual students in the internal examinations are used to evaluate the performance of the students. The same is used to identify the students for remedial and intensive coaching. The results of the students are thoroughly analysed for every subject by the concerned teachers. The general trend seen in the results provide an insight into the attainment of learning objectives and planning. After the declaration of results, Principal conducts a meeting to review the results and wherever necessary, measures are suggested to improve the results. Teachers conduct remedial and intensive coaching for the students.

CRITERION III: RESEARCH CONSULTANCY AND EXTENSION

3.1 Promotion of Research

3.1.1 Does the institution have recognized research Centre/s of the affiliating university or any other agency / organization?

No.

3.1.2 Does the institution have a research committee to monitor and address the issue of research? If so, what is its composition? Mention a fewer commendations made by the committee for implementation and their impact.

Yes, the college has Research Committee to monitor and address the issue of research. It motivates the faculty to facilitate research activities and to provide administrative help. IQAC also facilitates and motivates the research activity

The composition of the research committee is:-

Ms. Annie Antony	Chairperson
Dr. Amita Badiyani	Convener
Ms. Yogita Sanas	Member
Mr. Damodhar Morey	Member
Dr. Surbhi Mishra	Member

At the beginning of the academic year the Research Committee conducts meetings for all the faculties and research related aspects like teachers project, projects for students, paper presentations, and enrolment for M. Phil. / Ph.D. etc. are discussed. All the information received by the research committee regarding upcoming projects and new rules and regulations pertaining to research work is disseminated through the meeting. This information is also displayed regularly on the notice board in the staffroom.

The recommendations made by the committee are:-

- Faculty members were encouraged to register for M. Phil. / Ph.D.
- All the faculty members were encouraged to apply for University sponsored minor research projects. The guidelines and formats of same were made available by the committee.

- Encouragement to teachers to attend national / international conferences, Seminars, etc.
- All the Head of Departments were suggested to publish research based journal in their respective subjects.

The impact of these recommendations is:-

- Many staff members are pursuing Ph.D. / M. Phil
- Some staff members took up Minor research projects from University of Mumbai. Some are completed and others are in the process of completion.
- Most of the Staff members participated in various seminars/ conferences at National/ International level and presented their research papers, where some of the staff members have published their research papers in proceedings and Journals.
- College has organized one International level conference, “Impact of ICT on Contemporary Society”.

3.1.3 What are the measures taken by the institution to facilitate smooth progress and implementation of research schemes / projects?

- **Autonomy to the principal investigator**
- **Timely availability or release of resources**
- **Adequate infrastructure and human resources**
- **Time-off, reduced teaching load, special leave etc. to teachers**
- **Support in terms of technology and information needs**
- **Facilitate timely auditing and submission of utilization certificate to the funding authorities**
- **Any other**

To facilitate smooth progress and implementation of research the below given measures have been taken.

- I. Complete autonomy is given to the Principal Investigators to carry out their research projects.
- II. The information from various funding agencies with regard to research projects and schemes are displayed on notice board and discussed in the meetings.
- III. College has well equipped library with reference Books, Journals, Magazines required for research work. The college library is open from morning 7.00 a.m. to 7.30 p. m. for the researchers.

- IV. Duty leave is sanctioned to the staff to attend various conferences, seminars, workshops conventions etc. TA, DA and registration amount is paid to the staff.
- V. The library has three computers the staff room has four computer and 7 laptops are given to the staff to encourage research. Scanner and Printer is also available in the staff room. Internet & Wi-fi is also available.
- VI. The college has appointed CA Ujwal Dokhania to audit and give utilization certificate to researchers.

Any Other

- i) Workshops are organized on 'How to write research proposals'
- ii) Programs are also conducted on effective use of internet for research.
- iii) Duty leave is given at times of data collection and other project related work.
- iv) The college also subscribes journals and magazines which helps in research activities of the faculty members.
- v) The college management felicitates researchers during the college annual function.

3.1.4 What are the efforts made by the institution in developing scientific temper and research culture and aptitude among students?

- For developing scientific temper, research culture and aptitude among students, college has active Science Association which conducts various scientific events throughout the year.
- College organizes Seminars, Symposia and lectures by eminent scholars.
- Students are encouraged to participate in intercollegiate science exhibitions, quiz, debates, PPT presentation competition etc.
- Science projects are given to students to nurture their scientific temper.
- As part of curriculum, T.Y.B.Sc Chemistry students prepare monographs of Drugs from Indian Pharmacopoeia.
- Seminars and workshops on various topics are organized for the students.
- Science association organizes science exhibition.
- Department organizes visits to Industry and research institutes in addition to field excursions.

3.1.5 Give details of the faculty involvement in active research (Guiding student research, leading research project, engaged in individual / collaborative research activity etc.)

- Most of the teachers have presented papers at national and international conferences and seminars.

- Teachers also guide students for their research based project, which are a part of their curriculum.
- Ms. Anupriya Khobragade, Mr. Damodar Morey, Ms. Kesar Lalchandani, Ms. Arya Mane, Ms. Nikita Shrivastav, Ms. Madhu Sharma, Mr. Rameshwar Rasal have registered for Ph.d in their respective subjects.

Following Minor research projects have been sanctioned by the University of Mumbai

• **Research projects:**

Research projects	Department	Funding	Amount Sanctioned	Principal Investigator
Minor	Accountancy	University of Mumbai	32,000/-	Ms.Kesar Lalchandani
Minor	Economics	University of Mumbai	32,000/-	Mr. Damodhar Morey
Minor	EVS	University of Mumbai	30,000/-	Ms. Arya Mane
Minor	Maths/Stats	University of Mumbai	20,000/-	Ms. Yogita Sanas
Minor	Commerce	University of Mumbai	30,000/-	Ms. Geeta Gangwani
Minor	Marathi	University of Mumbai	10,000/-	Ms.Anupriya Khobragade
Minor	Hindi	University of Mumbai	15,000/-	Dr. Surbhi Mishra
Minor	History	University of Mumbai	20,000/-	Ms. PadmajaVernekar

3.1.6 Give details of workshops / training programs / sensitization programs conducted / organized by the institution with focus on capacity building in terms of research and imbibing research culture among the staff and students.

- Institution has organized International conference on inter-disciplinary topic like Impact of ICT on contemporary society
- For the T.Y.B.A. /B.Com. /B.M.S. and B.Sc.(I.T)., emphasis is laid on primary data based projects to inculcate research aptitude among students and teachers guide them in research activities.
- Information regarding research festivals, paper presentation competitions organized by the university and other institutions is displayed regularly on the

notice board and students are encouraged to participate in the same.

- Various guest lectures are organized to develop the research attitude both among staff and students.

3.1.7 Provide details of prioritized research areas and the expertise available with the institution.

Priority areas for research are

- Social Sciences
- Commerce
- Science

The college not being very old and most of the faculties are from Social Sciences, Science and Humanities, scope for expertise are limited.

3.1.8 Enumerate the efforts of the institution in attracting researchers of eminence to visit the campus and interact with teachers and students?

The various associations of the institution and various departments make it a point to invite eminent researchers to visit the campus and interact with teachers and students. During the last two years many eminent researchers have visited the institution on different occasions:-

Sr. No.	Name of Researchers	Designation
1.	Dr. R. B. Kawde	Associate Professor, Dept. of Chemistry, Kirti college, Dadar.
2.	Dr. Deepak Shinde	Associate Professor, Dept. of Chemistry, B. N. N. College, Bhiwandi.
3.	DR. CA Mahesh Bhiwandikar	HOD, K. M. Agrawal College, Kalyan(W)
4.	Dr. Swapna Samel	Principal, Birla College, Kalyan (W)
5.	Dr. Bela Nabar	Associate Professor, Microbiology Dept. C.C.H. M. College, Ulhasnagar
6.	Dr. Sanjay Patel	Associate Professor, Mathematics Dept. College of Education, Daman, Vapi.
7.	Dr. Prabhat Mittal	Associate Professor, Mathematics Dept. University of Delhi.
8.	Dr. B. S. Jaiswal	Associate Professor, Mathematics Dept. Birla Cllege, Kalyan (w)
9.	Dr. Anil Singh	Associate Professor, Dept. of Hindi, S. B. College, Shahapur.
10.	Dr. S. P. Dubey	Associate Professor, Dept. of Hindi, K. C. College, Churchgate.
11.	Dr. Manish Mishra	Assistant Professor, Dept. of Hindi, K. M. Agrawal College, Kalyan (W)
12.	Dr. Shyamsundar Pandey	Associate Professor, Dept. of Hindi, Birla College, Kalyan (W)
13.	Dr. Sneha Dharpawar	Associate Professor, Dept. of Commerce, Birla College, Kalyan (W)
14.	Dr. Parag Ajgaokar	Associate Professor, Dept. of Commerce

		Mithibai College, Vileparle.
15.	Dr. Steve Archer	Associate professor, Dept. of Commerce R. K. T. College, Ulhasnagar.
16.	Dr.Kishori Bhagat	Associate Professor, Dept. of Accounts, Pragati College, Dombiwali
17.	Dr. Anuja Bapat	Associate Professor, Dept. of Accounts, Pragati College, Dombiwali
18.	Dr. Alka Chaubey	Assistant Professor, B. M. S. Dept. Birla College, Kalyan (W)

Apart from this many researchers also visit the institution during workshops, national seminars, conferences and expert lectures.

3.1.9 What percentage of the faculty has utilized sabbatical Leave for research activities? How has the provision contributed to improve the quality of research and imbibe research culture on the campus?

The college is not accorded the 2f and 12B status by the UGC. So the teachers cannot avail sabbatical leave for pursuing research.

3.1.10 Provide details of the initiatives taken up by the institution in creating awareness/advocating/transfer of relative findings of research of the institution and elsewhere to students and community (lab to land)

The institution being in its teens needs attention and therefore all the efforts of the faculties have been directed towards institutional growth and development. But taking into consideration the need of the hour of translating the findings from lab to land, the institution plans to take up initiatives to create awareness and transfer the findings of research to students, community and society at large. The IQAC and Research Committee have been making efforts for the same.

3.2 Resource Mobilization for Research

3.2.1. What percentage of the total budget is earmarked for research? Give details of major heads of expenditure, financial allocation and actual utilization.

As and when required the institution makes funds available to the faculties for research and development. Faculties are encouraged to organize seminars and conferences and also attend the same. They are given registration fees and travelling allowances to attend conferences and present research papers. Funds are also made available to students to complete projects which are a part of their curriculum.

3.2.2 Is there a provision in the institution to provide seed money to the faculty for research? If so, specify the amount disbursed and the percentage of the faculty that has availed the facility in the last four years?
NA

3.2.3 What are the financial provisions made available to support student research projects by students?

Separate provision is not made in the budget for making financial provisions to support research projects by students. But at the institutional level, the Head of the Institution makes financial help available for research to projects the needy students.

3.2.4 How does the various departments/units/staff of the institute interact in under taking inter-disciplinary research? Cite examples of successful endeavors and challenges faced in organizing inter-disciplinary research?

- The institution provides a conducive environment for inter-personal interactions among the various departments and its staff-members. Hence, co-operation has been sought amongst them in inter-disciplinary research.
- Undertaking inter-disciplinary research: - With the initiatives of IQAC and the Research Committee, the staff members come together to discuss about the avenues for research. If opportunities for inter-disciplinary research exist, faculties are encouraged to pursue the same.
- Organizing inter-disciplinary research: - The institution has been promoting the efforts of the faculties to organize inter-disciplinary seminars and conferences. As a result of this in the academic year 2014-15 college has organized one international conference on "Impact of ICT on Contemporary Society".

3.2.5 How does the institution ensure optimal use of various equipment and research facilities of the institution by its staff and students?

The Principal encourages and motivates the staff and students to utilize the resources provided for research.

- The computer laboratories are easily accessible to staff and students from 07.00a.m. To 07.30 p.m.
- Internet facility is provided in the Library for staff and students from 7.00 a. m. to 7.30 p.m.
- Staff and students are given an easy access to utilize these facilities. Along with this, the college library is well equipped with books, journals, e-journals, periodicals and magazines and staff and students are given easy access to it through OPAC system.
- The rules regarding the use of these resources are flexible and in favour of the users for utilization of these resources for research work.

3.2.6 Has the institution received any special grants or finances from the industry or other beneficiary agency for developing research facility? If 'yes' give details.

No

3.2.7 Enumerate the support provided to the faculty in securing research funds from various funding agencies, industry and other organizations. Provide details of ongoing and completed projects and grants received during the last four years.

Research Promotion committee provides timely guidance about the details of funding agency and procedure of applying for research projects.

Details of ongoing and completed faculty research projects and grants are mentioned in following table:

Nature of the	Duration Year	Title of the Project	Name of the funding	Total Grant		Total grant
				Sanctioned	Received

3.3 Research Facilities

3.3.1 What are the research facilities available to the students and research scholars within the campus?

The institution has developed various facilities on the campus for the promotion of research.

- The Library is well equipped with sufficient number of books required for research.
- The Library has a spacious and comfortable reading room to meet the needs of the readers.
- The college is institutional member of INFLIBNET's N-List programme.
- The college Library subscribes to various e-journals, journals, periodicals and magazines on a variety of subjects which are useful for research.
- The institution provides free internet and Wifi facility to students as well as staff for research work.
- Specimen copies of best projects are kept in the library for providing guidelines to the students.

3.3.2 What are the institutional strategies for planning, upgrading and creating infrastructural facilities to meet the needs of researchers especially in the new and emerging areas of research?

To meet the needs of researchers in new and emerging areas of research:-

- 1) The institution has extended the capacity of computer laboratories and library and provided free internet facility to students as well as to teachers for research activities
- 2) The institution has increased number of reference books, e-journals, journals, periodicals and magazines.
- 3) Humanity and social science are the thrust areas of research of the institution. These fields don't demand any special infrastructure facilities as required for research in science and technology. However, the required space; like the reading room in the library, facilities like computer laboratory and internet facility, enough number of books, journals, e-journals, magazine, etc. are upgraded regularly. For promotion of the research culture the institutions plans to upgrade the same regularly.

3.3.3 Has the institution received any special grants or finances from the industry or other beneficiary agency for developing research facilities? If 'yes', what are the instruments / facilities created during the last four years?

No

3.3.4 What are the research facilities made available to the students and research scholars outside the campus / other research laboratories?

The staff and students can access INFLIBNET resources off the campus. Teachers are issued individual user ID and passwords for the same. For project work, students are also issued user ID's and password to access the resources remotely. Students and research scholars are also given T.A/D.A for visiting other libraries.

3.3.5 Provide details on the library / information resource centre or any other facilities available specifically for the researchers?

- Library has various Reference books, Journals, Magazines, etc. for researchers
- Internet facilities facilitate access to various E – Journals in the library.
- The library of nearby colleges, Mumbai University, SNDT University, IIT Powai etc. is used by Researchers as and when needed on the Principals recommendation letter.

3.3.6 What are the collaborative researches facilities developed / created by the research institutes in the college? For ex. Laboratories, library, instruments, computers, new technology etc.

Nil.

3.4. Research Publications and Awards

3.4.1 Highlight the major research achievements of the staff and students in terms of

- **Patents obtained and filed (process and product):** 03
Ms. Madhu Sharma
 - 1) "A process for the preparation of herbicides"
 - 2) "A process for the preparation of nilutamide and triethylenemelamine"
 - 3) "Antileukemic activity of N-arylated amino derivatives Against human cancer K-562 cell line"
- **Original research contributing to product improvement:**
Nil.
- **Research studies or surveys benefiting the community or improving the services:**
Nil.
- **Research inputs contributing to new initiatives and social development:**
Nil.

3.4.2. Does the institute publish or partner in publication of research journal(s)? If 'yes' indicate the composition of the editorial board, publication policies and whether such publication is listed in any international database?

5.2.3 How does the institution facilitate student progression to higher level of education and/or towards employment?

Students who pass UG programmes are motivated to continue their post-graduation and other studies. Approximately 25% of the students passing UG take up higher studies. Some of the students join their family business. As Kalyan is near to Mumbai, employment opportunities

are ample, so most of the students seek employment. The Career Guidance and Placement Cell plays a pivotal role in helping and guiding the students in pursuing higher education and even in seeking better employment opportunities. Post Graduation level programmes have also been started by the college for the same purpose.

5.2.4 Enumerate the special support provided to students who are at risk of failure and drop out?

The following efforts are made to minimize dropout rate and failures and facilitate the students to complete the course.

- **Additional coaching** – Personal guidance, remedial coaching, guidance lectures and question bank is provided to the students.
- **Evaluation schemes** – Test Series for T.Y.B.Com. / B.A. is used as a means of evaluation of students and to test their knowledge. It also ensures practice before the actual examination.
- **Financial help** – Student Aid Fund, Book Bank Facility, Fee concessions, payment of fees in instalment etc. facilities are provided to students to reduce drop out over financial reason.
- **Counselling** – Personal counselling, motivation, career counselling, Parent Teacher meeting, remedial coaching is given for different subjects. To deal with the social, emotional and behavioural problems of the students the Counselling Cell and Grievance Redressal Cell are formed.
- **Attendance** - Regular attendance is taken for all the subjects separately. Defaulters list is displayed on notice-board for all subjects in every term and parents are called and counseled in case of serious defaulters.
- **During examinations** we provide convenient room, writer and extra time to physically disabled students, as per the University rules and regulations.
- **Admission** – In spite of lower percentage in the previous examination, rural students are given preference over admission, especially in the Arts discipline.

Since the city of Kalyan has rich cultural and educational heritage, students may change the stream of education and might even go for distance mode of learning, but they do not dropout. Hence the dropout rate is almost negligible.

CRITERIA VII: INNOVATIONS AND BEST PRACTICES

7.1 Environment Consciousness

To make students aware of environmental issues like increasing emission of CFC gases through air conditioners causing ozone depletion, our college conducts various programs under science association like exhibitions, poster presentations etc. Through these programs students get an insight into the role of environment in our day to day life while understanding the need to conserve the same. These programs help the students in understanding the proper methods of disposal and management of different wastes, conservation of biodiversity and water, use of renewable energy and use of eco-friendly materials. Department of NSS of the college contributes to environmental awareness by organizing “Tree plantation drive “on World Environment Day and spreads environment consciousness not only in the town but in the nearby villages like Vangani, Ghotsai, Dahagao etc.

7.1.1 Does the Institute conduct a Green Audit of its campus and facilities?

The college does not conduct formally a method for a green audit, but the college ensures that the students and employees switch off electrical appliances when not required and are aware of and follow green practices by minimizing use of paper, recycling of wastes, using public transport, using solar energy etc.

7.1.2 What are the initiatives taken by the college to make the campus eco-friendly?

*

Energy conservation

All the classrooms are so airy and well ventilated that hardly there is need of any artificial lightening which helps in energy conservation. For energy conservation, our college practices some measures like laboratory equipment is working only when it is to be used. Air conditioners are used only in equipment rooms, multimedia rooms, staff rooms etc. Students and teachers make sure to switch off lights, fans and computers when not in use. The rooms which are air conditioned are maintained properly to avoid air leaks and use of AC is optimum. To ensure energy conservation at optimum level there are switches outside every class room which switches off the lights and fans immediately of the respective classes and even switches are present at floor level which helps to disconnect the electrical supply for the complete floor.

*

Use of renewable energy

Garden wastes like dried leaves; branches etc. are composted in compost pits. Compost is used as organic fertilizer for garden plants.

*

Water harvesting

Fresh water is used only for drinking purpose as there is provision for rain water harvesting in college campus.

*

Check dam construction

Students were taken to Pisa dam, Bushy dam where they got first hand information regarding water conservation.

* **Efforts for Carbon neutrality**

The premises of the college have a variety of trees in the garden and around the area. Due to which noise and air pollution is minimized in the nearby vicinity. These trees help to generate healthy, peaceful environment thus creating pleasant working conditions. The college takes lead to create awareness about carbon neutrality for students & for the residents of surrounding area by organizing “Poster Presentation Competition” and “Street Play”. ‘Nature Club’ of college which consists of staff members and students arranges many activities and competitions for students. Minimum numbers of Air Conditioners are installed in the college, thus the emission of Chlorofluorocarbon is maintained at negligible levels. The college makes it a point to purchase air conditions with at least three stars, as a measure for saving energy. Some of the staff members use common vehicles for daily commuting. Above practices are helpful in less auto exhaust emission.

* **Plantation**

Our college had carried out tree plantation drive on 17th July, 2014 on occasion of “University Foundation Day”, all the colleges from the university had gathered at Vangani Village and actively participated in the drive.

* **Hazardous waste management**

Waste microbial cultures from the Department of Microbiology are autoclaved prior to disposal and waste from Botany department is used to make compost.

* **e-waste management**

We try to minimize e-waste by consciously increasing the longevity of the IT equipment Machines. Beyond repair and broken electrical machines are disposed off, CD’s are disposed off. Computers and peripherals are sorted and exchanged with new purchases. UPS batteries are recycled with care.

7.2 Innovations

7.2.1 Give details of innovations introduced during the last four years which have created a positive impact on the functioning of the college.

- **Computerization of library.**

The college library is computerized with its OPAC system. All library operations are automated. Issue or return of books, attendance in reading hall, bar coding, identity cards etc. operations are conducted using “E. Granthalaya” software. Library has also facility of N-List projects where approximately 6000 journals and 97000 books are there as reference materials for staff members. College is also having the membership for British Council library.

- **Industrial Visit**

Industrial visits and educational tours are organized for different departments on a regular basis which helps them to gain experience and knowledge and also students visiting industry gets a feel of actual professional environment and students also comes to know about different places of prime importance. These visits give students professional experience.

- **Feedback**

Feedback is taken by students on a regular basis. Well designed feedback forms are there which helps the principal to get a complete overview from students related to teaching learning process. This mechanism also helps to improve teaching quality of teacher. Suggestion boxes are there in college premises which help to get the genuine feedback from students.

- **Computerization of Administrative Blocks:**

The College has subscribed '*Tally ERP. 9*' which enables faster accounts, '*Sensys Software*' specially designed for updated salary data and its processing. Specially designed '*Adme Software*' for administrative and admission procedure. The College and Management use electronic mail for urgent correspondence. The College has done away with the orthodox system of working in the office. The College administrative block has been automated. The administrative staff has been given formal training to understand the technicalities pertaining to working on the technology. Workshops, seminars are attended by administrative staff to update them regarding the automation of the administrative activities.

- **Computerization of Academic Results :**

College has purchased '*RESO*' software for smooth and faster examination work. Training programs are arranged for examination committee members to update them for the use of the same.

- **Zero – Balance Accounts :**

Zero balance account facility is made available to the staff and students in IDBI Bank, Abhyudaya Bank, The Kalyan Janata Sahakari Bank Ltd., Indian Overseas Bank. This has helped the students and staff in many ways.

- **Academic Innovation.**

The college has started remedial coaching for slow learners which help them to cover up their gaps in learning. There are many children who come from far away villages with low income background, we motivate them for education, help them in their respective subjects by explaining them in the local languages. We guide them for hostel facilities available in the nearby vicinity which would be affordable to them.

- **NSS**
 - NSS unit organizes NSS camp in village every year and organize many programs to create social awareness.
 - Blood donation, Tree - Plantation, Yoga course, participation in pulse - polio, Immunization program, AIDS awareness, NSS day program, Development of weaker section in society etc. are some of the outreach programs organized by college under NSS activities.
 - NSS volunteer's stage street plays spread message of social concerns.
 - College Organizes many social outreach activities like Bhajan Sandhya, peace march etc.
 - Neighbouring tribal village is adopted by the college for health and hygiene, educational and other development.
 - NSS units of the college participate in the activities of environmental awareness, tree plantation etc. organized by Nature club, Forest Department, Thane which spreads the message of environmental awareness.

7.3 Best Practices

7.3.1 Elaborate on any two best practices in the given format at page no. 98, which have contributed to the achievement of the Institutional Objectives and/or contributed to the Quality improvement of the core activities of the college.

Best Practice No.1

ENVIRONMENT (NATURE CLUB)

Goal

Context

Implementation

Problems encountered and resources required.

Evidence of success.

Goals:

- To conserve the global environment and achieve a sustainable society.
- To contribute towards increasing forest and tree cover.
- To increase energy efficiency in our institution.
- To train the students and increase their responsibility towards society by creating awareness for environment.

- To develop and disseminate environment protection materials in self learning format to all sections of the society.

Context:

It is our foremost duty to protect the environment. Unless and until awareness is created among the young generation to protect and save environment , corrective measures can be initiated .The main issue is to create awareness about conservation about energy , environmental issues, water conservation , rain water harvesting, pollution awareness, awareness drive for dry and wet waste which helps the Municipal Corporation in proper disposal of waste. This effort has helped us to spark the light in the minds of the students to do something for saving the environment. Making them aware about how conserving preserving nature is possible as well as important.

Implementation:

- Around 500 saplings have been planted in the college premises and nearby areas.
- Fresh water is used only for drinking purpose as there is a provision for rain water harvesting in the college campus.
- As our college is in central suburbs, our area faces electricity crisis, so to meet these energy crises, college has installed generator and inverters.
- College have taken various initiatives for creating awareness regarding environment in society such as taking out rallies relating save environment, creating banners and slogans relating environment.
- Distribution of saplings at a large scale to members in society has taken place successfully to inculcate tree plantation habit.
- Seminar relating to environment has been conducted to create awareness among students.
- Paper bag making and distribution of paper bags had taken place where students distributed the paper bags to shopkeeper to promote eco-friendly materials and limit out the use of plastics.
- Our institution is trying to practice, “Plastic Free Zone”, in our premises.

Problems Encountered and Resources Required:-

The biggest hurdle is the existence of the dumping ground next to the college premises due to which many times specially in rainy season college faces the problem of bad odor. College has not received the support from municipal authorities even after giving many applications requesting the shifting of the dumping ground. Due to the absence of terrace we cannot create tanks and hence conservation of rain water is not possible from terrace. Due to lack of terrace solar panels cannot be installed and management has assured that a new building which is going to come in near future. Terrace will be utilized for solar panels and water harvesting.

Evidence of success:-

Due to the activities conducted by nature club college students are aware of various methods of waste disposal where they are well trained for separating wet and dry garbage. Students are practicing this at college, home and nearby areas. Students have also tried for removing stagnant water which creates many diseases. Children participate in tree plantation on their own due to the encouragement given by nature club. Children are also aware of electricity conservation as a result after lecture children close the electrical switches off their own and help of floor attendant is not required. Every year students of NSS carry out cleanliness drive both in college and Ghotsai village.

Cleanliness drive at Ghotsai Village

Best practice No.2

STUDENTS SOCIAL RESPONSIBILITY (EXTENSION ACTIVITIES)

Goals

- To develop students so that they can become responsible in their actions that has an effect on community outside their immediate circle.
- To inculcate social values amongst young minds for their commitment towards society.
- Increasing awareness of sustainability issues.
 - Allowing students to apply their knowledge, passion, and skills in the pursuit of humanitarian goals.
 - To make the educational institution socially and culturally relevant
 - To develop Social Responsibility not only in classrooms, but through the experience. By offering opportunities to students to develop their social awareness, and preparing students for a better nation building.
 - To become mediators between the educated minds and the community.

Context:

Social Work requires a lot of commitment from the members of the faculty and cooperation from the local communities and of network with the government and non-government organizations. Institutions of higher education should have access from the diverse section of the community to be able to make the necessary socio-economic development of the country. This type of practice ignites the minds of students to acquaint refined ideas and help them to grow up as responsible citizens and help in building nation. All the educational institutes hold the big responsibility of bridging the gap between literate and illiterate. This activities help to serve the society in various ways and helps Community development practically. To achieve the same, college has adopted and developed the village named Ghotsai to carry out required social activities. All the institutions should have access from the various section of the community to be able to make the necessary socioeconomic development of the country. Institutions of higher learning hold the greater responsibility of bridging the gap between learned ones and the people who need education. Such activities go a long way in developing humanitarian attitude to serve the society in various ways and achieve coordination between the education sector and Community development programs practically. To achieve the same, college has developed coordination with communities / NGOs and other bodies to carry out required social activities.

Implementation:

The college students, faculty and alumni together conduct several activities such as:-

- Every year blood donation camp is organized where students donate blood and college also creates awareness about reasons for blood donation .

Blood Donation Camp

- Many Students organize and participate in cleaning environment drive after Ganpati festival.

- Students have contributed by providing relief fund to people affected due to natural calamities.
- Every year before admission process starts students motivate people to carry on education whose degree could not be completed due to personal reasons.
- Rally was organized in Kalyan area to create awareness for women development, protest against unfair practices towards women and Thalessemia disease.
- Rally relating to global warming was organized by students to save environment.
- Street plays were conducted by students relating to promotion of education
- College has adopted a village Ghotsai which was a Haven for illegal activities but due to the social activities carried by students, village has received the award for best village and even use of solar energy is implemented with the help of college in village.

Thalessemia Awareness Drive

Problems encountered and Resources Required:

There was objection from local authorities. College not being a funding body, all the social requirement cannot be fulfilled due to Difficulty in arranging social work programs, teaching etc. Resources like medicines, food grains, self employment schemes need to be generated at larger scale College faces resource crunch in this regard. Scarcity of enough donors and donations from corporate under corporate social responsibility.

Evidence of Success:

Many students of the college due to awareness created by the authorities are participating in social activities. The faculty members and students of the college are more concerned towards the society as the participation of students have increased in social and environmental drives conducted by the college and thereby the basic aim of education is

achieved. All the efforts by college have helped in bringing students into the mainstream society. College is trying to bridge a gap between learned ones and the people who need education. Inculcates the values of selfless service towards society. Organizes medical camps at Ghotsai village and at college which sensitize the students towards problem of downtrodden people. Street play on the topics like: Save girl child, AIDS awareness, Anti dowry movement etc. were conducted which Creates awareness amongst students towards these social evils. Tree plantation drives were conducted which have created environmental awareness amongst students. All these efforts have helped in bringing them into the mainstream society.

32. Details on student enrichment programmes (special lectures / workshops / seminar) with external experts:

- Intensive coaching and remedial coaching is given to students.
- Investors awareness programme for students and faculty.
- Special lectures are arranged on various Social and academic issues.
- Guest lectures for T.Y.BCom & M.Com Students.

33. Teaching methods adopted to improve student learning.

- Interactive problem solving method.
- Traditional Chalk Duster Method is generally used.
- Power Point Presentations using LCD Projectors.
- Assignments.
- Group Discussions.

- Students are encouraged to make use of Text & Reference Books to improve the knowledge of the subject.

34. Participation in Institutional Social Responsibility (ISR) and Extension activities.

The department in association with NSS participates in various activities. Ghodsai village has been adopted by the college and every year staff and college carry out various programmes which lead to their social improvement.

NGO Asmita Foundation is run by the College Alumni association. Department is also associated with NSS and participates in:

- Blood Donation Camps,
- Disease Awareness Programs,
- Cleanliness/hygiene Awareness Programs,
- Tree Plantation Programme ,
- Organ Donation Awareness Arogramme,
- Environmental Awareness Campaigns.
- Visit to Old age homes and Orphanages.

35. SWOC analysis of the department and Future plans

Strengths

- Various number of reference books, text-books and Journals are available for the students and teachers in the Library along with the internet facility.
- Sincere and dedicated staff.
- Provides Tax consultancy services to teaching & non- teaching staff of the college.
- Departmental members give academic and career counseling to students.
- Organizes various workshops for the students.
- Healthy Environment to retain teachers.

Weakness

- Lack of Research
- Limited Practical training.

Opportunities

- Research related activities
- Collaborating with NGOs and institutions like ICSSR for getting funds to organize Seminars and Conferences.

Challenges

- As students come from vernacular medium they find difficulty in coping up with English Medium students.
- Availability of proper placement opportunity for the students.
- Encouraging students to go for further studies and research in the subject.

Future Planss

- To commence Bridge Courses on Practical Accounting.
- To conduct career oriented workshops and seminars for the students
- To Organize National and International Conferences and Seminars.
- To collaborate with the institutions for the proper placement of students.

33. List the teaching methods adopted by the faculty for different programmes.

- Instead of a teacher just talking at the front of the classroom or writing words on the board, the projector allows the presentation of text, audio, graphics or video. This is more entertaining for the students and improves the likelihood they will comprehend the lessons.
- If student learning is the goal, effective teaching means creating effective learning environments and **environments where students are actively participating and engaged with the material are crucial to student learning.**
- Classroom discussions that allow students to discuss their lessons with their peers help the students understand and apply what they have learned. Classroom discussions also provide feedback that may prove valuable to the teacher. By encouraging students to ask questions and give their comments or responses, the teacher can gauge from the responses, whether the students have understood the lesson, how they have understood it, and if necessary, what kind of clarifications or corrections need to be made to rectify any miscommunications in the lesson.
- Study tour to various well known industries, which help students gain first hand information regarding functioning of the industry.

34. Participation in Institutional Social Responsibility (ISR) and Extension activities:

Department in association with NSS .Ghotsai village has been adopted by the college and every year staff and students carry out various activities such as blood donation Camp and Tree plantation. NGO Asmita foundation is run by college alumni association.

35. SWOC analysis of the Department and future plans :

Strengths

- ☐ Faculty members have effective rapport with students.
- ☐ Well-equipped laboratory.
- ☐ Industrial visits for students.
- ☐ Active placement cell.
- ☐ Activities for the overall development of students.

Weaknesses

- ☐ Students coming from vernacular medium and rural background.
- ☐ As most of the students come from non-IT subject, they are weak in technical field.

Opportunities

☐ With the funds acquired through greater admissions, we can increase the faculty strength and learning facilities to improve the student quality and their academic achievements.

☐ Students have a great scope in the higher education studies like M.Sc. (I.T.), M.C.A., M.Sc.(CS) and other programmes like Internet Technology, Sun Microsystems Certified Courses, Hardware programme, SAP, C-DAC, Software Testing and Network administration from reputed institutes.

Challenges

- ☐ Attracting students for admission in the era of competitions.
- ☐ Proper placement facility should be available to the students.
- ☐ To take spoken English Classes for Vernacular medium Students
- ☐ To conduct extra classes for technically weak Students.

Future Plan:

- ☐ To increase the intake of students to the department.
- ☐ Encourage students to become entrepreneurs
- ☐ Up-gradation of laboratory with audio-visual tools.
- ☐ Developing departmental library.
- ☐ Developing linkages with IT industry, institutes, etc.

- Personal coaching and remedial coaching for weak students.
- Promotion of personality development of students through curricular, extracurricular and extension activities.
- Organising (KARMA) and inter-collegiate fest every year.

Weaknesses

- As students come from vernacular medium they find difficulty in coping up with studies.
- Students have less exposure to practical life as syllabus is theoretical in nature.
- Lack of Auditorium facility.
- Lack of importance is given to research related activities as there is no research centre.
- Inadequate reference books in library.

Opportunities

- Helping students to develop analytical, communication skills placement due to presentations.
- Provides campus placement to students in reputed companies.
- Personality development of students from vernacular medium as well as English medium.

Challenges

- Encouraging students to join professional courses instead of traditional ones.
- Imparting knowledge of spoken English to students coming from vernacular medium.
- Competing with nearby colleges and other professional institutes.
- Giving admission to students with less percentage and improving them to get good results at graduation level.

Future plans of the department.

- To organise national and international seminars.
- To improve campus placements.
- To engage in active research activities (PhD).
- To encourage students to become entrepreneurs.
